PREFACE.

It will be allowed by all that a Directory for the City of Buffalo is a work of absolute necessity, and that its non appearance for a single year, would be attended with great inconvenience to citizens and strangers of all classes ; and yet all must admit, that a work of this kind has never as yet remunerated those who have been engaged in getting it up. Those who have been engaged in it, have been certainly urged on by a hope of profit, as well as of adding to the conveniences of their fellow citizens, and yet that hope has proved delusive, as far as profit has been concerned.

Another attempt is now made, and although it does seem like hoping against hope, yet the subscriber will again try the public, under an assurance that if they will but consider the *importance* of his labors to all, they will yet make an effort to remunerate him and to encourage either him or another to continue a work of such great convenience.

Every effort has been made to ensure correctness, and to obtain information, and it will be observed that the names of the colored portion of the community have been separated from the rest, as giving additional facility for discovering the residence of persons of the same name.

Those who will take the trouble to compare the Directory of this year with that of the last, will observe that nearly two thirds of the population have changed their

abodes, and that therefore like an Almanac, a Directory must expire upon the birth of its successor, it may be worth keeping for a reference, but not for a guide.

Business is reviving in our city, and as it is calculated that although last year sent from the West 7,000,000 bushels of wheat, with other articles in proportion, yet this year will send 12,000,000, &c. and that of course the influx of strangers must be much greater. To those then who would wish to have it always in their power to direct friend or stranger, it is suggested that an early application for the Directory be made, as they will of course soon be disposed of.

With these remarks we leave our book to its fate, conscious that we have done our duty, and under a firm impression that should not our attempt meet with success, another year will see our city without this convenience. We do not ask all to buy, but we feel convinced that few will regret their purchase.

C. W. GRAHAM,
COMPILER.

BUFFALO APPRENTICES' SOCIETY.

This society was founded on the 23d of February, 1833. Its affairs are conducted entirely by apprentices, who by their perseverance and industry have set an example which other societies, long since prostrate, might have followed to their advantage.

They hold their meetings every week at their Hall, No. 175 Main street, fourth story, lately occupied as a lecture room by the Young Men's Association; and as their object is, as their motto declares, 'To get wisdom,' it is hoped that every apprentice will give them his support.

They possess a library containing eight hundred volumes, and the society is at present in a flourishing condition. Initiation fee 50 cents; regular fee \$1 50 per year, payable monthly. The following are the names of the officers :

The dreary Winter's past and gone,
Now comes the joyous Spring ;
When every housewife, rich and poor,
Her dwelling ought to clean.

Soon as the frost has left the walls,
Vermin begin to lay their eggs ;
Whitewash your rooms and stop the cracks,
Then bugs can never bite your legs.

Then now's the time to kill the bugs,
Shake your carpets, beat your rugs :
Whitewash kitchens, bed rooms, halls,
And brush spiders from your walls.

Rooms whitewashed, papered colored nice,
R. HUDD will do it in a trice ;
Patrons ! you'll not think it *strange* !
When work is done he wants the CHANGE !

Every operation entrusted to their skill will receive the most careful attention, for either or both of the partners as may be desired. Their facilities for inserting Artificial Teeth, from a single one to an entire set are peculiar, as they not only manufacture the most beautiful Porcelain Teeth themselves, but keep from eight to ten thousand of Stockton's improved Porcelain Teeth, embracing every variety of size, shape, color, &c.

They also have some improvements of their own in the method of applying the principle of atmospheric pressure, whereby whole sets of teeth can be retained in place with the greatest facility.

Operations for travellers, or persons residing out of the city, will be performed with as little delay as possible.

For the benefit of strangers, they are permitted to refer to the following gentlemen :

DR. GLOVER'S PREPARATIONS

For the cure of Syphilis, Gonorrhœa, Gleet, Strictures, Gravel, and all other diseases of the urinary and genital organs, do not, like the quack nostrums of the day, require a continuous string of puffing to recommend them—they only require to be used to recommend themselves; they cure the above diseases in the least possible time, without endangering the health, or risk of exposure.

Persons suffering from these diseases, or from charlatan practice, will do well to call at No. 4 Exchange st. under the Mansion House, 2 doors from Main st. where they will be attended to.

The office is so constructed that patients do not come in contact with each other, and the strictest secrecy is always observed.

The Elixir is one dollar per bottle. Pills the same per box. Be particular to notice the number—4 Exchange st. 2 doors from Main street, under the Mansion House.

No connection with any other office in the city.

Attendance daily from 7 A. M. until 10 P. M.

NO CURE NO PAY.

HUNTER'S MEDICAL OFFICE,

Number 12 Exchange street, under the Mansion House,
6th door from Main street, Buffalo, N. Y., for the
treatment of diseases of a private nature.

HUNTER'S RED DROP.—The high and envied celebrity which this pre-eminent medicine has acquired for its invariable efficacy, in the diseases which it professes to cure, has rendered the usual practice of ostentatious puffing not only unnecessary but unworthy of it. It is known by its fruits; its good works testify for it in all cases of V—l, whether recent or chronic, this medicine has invariably proved a certain and speedy remedy. A single trial will place the Red Drop beyond the reach of competition in the estimation of every patient. It makes a speedy and permanent cure, without the least regard to diet, exposure, or application to business.

DR. HUNTER'S ANTI-MERCURIAL SYRUP and Health Restorative. To persons suffering from the abuse of mercury, and the effects of a certain disorder, imperfectly cured, with the remnant of the disease still lurking in the system, sapping the vitals and undermining the constitution, this medicine is indeed valuable.—This active alterative and purifier of the blood is particularly adapted to those afflicted with syphilitic and mercurial rheumatism, with pains in the bones, sometimes attended with lumps and indurations, tedious, in-

dolent and scrofulous, ulcers; sore throat, with pains in the head, discoloration and eruptions on the skin, with falling out of the hair, attended with general debility.— This medicine, while it cleanses and purifies the blood, eradicating every particle of disease, at the same time promotes the secretions aids digestion, and imparts fresh tone and vigor to the whole system, renovating and restoring the broken constitution, when other remedies are of no avail. These are incontrovertibly the only medicines on earth that can be depended on with the utmost confidence, to quickly, safely and permanently eradicate from the system the most destructive poison that ever afflicted offending man. This mighty conqueror has never been known to fail in a single instance, where the directions have been adhered to, to save an unfortunate sufferer from an unfortunate and disgraceful end, when all other powerful remedies have failed; even in the most desperate and inveterate cases. Cure confidently warranted in every case, and under all circumstances, in either sex.

The genuine article can be obtained at Hunter's Medical Office, No. 12 Exchange st. 6 doors from Main st., under the Mansion House, Buffalo. And also at Hunter's Medical Office, Stanwix Hall, Maiden Lane, Albany, N. Y.

☞ All medicines sent to a distance will be packed secure from observation; and all letters addressed, post paid, will be confidentially attended to.

A. GUTHRIE.

LOOK SHARP, INVALIDS.

We are again under the necessity of cautioning the afflicted against the Harpies, one in this city and another in Rochester, who pretend to sell *Hunter's Red Drop*. It is a pitiful imitation, to deceive and entrap the unwary. The genuine medicine is sold only at the old established offices No. 5, Stanwix Hall, Maiden Lane, Albany, and No. 12 Exchange street, Buffalo.

☞ Office open from 6 A. M. until 9 P. M. daily.— Private rooms attached.

From June 1, 1841, to June 1, 1842.

EXPLANATIONS.

The peculiarity and manner of spelling names are various; and in seeking for a name, care should be taken to know the correct spelling of the name, for example—in looking for Neilson do not look Nelson—Bogart, Bogert—Curtis, Curtiss—Downes, Downs, Dounes—Fagan, Fagen—Pearson, Pierson—Pearse, Pierce—Westcott, Wescott, &c. By a little attention to the above remarks, the Compiler thinks that but few inaccuracies will be found.

N. B. Any person who actually finds, or thinks he finds an error or omission, is most earnestly requested to give notice to the Compiler.

The words *street*, *store*, *office*, and the prepositions *of*, *at*, *with*, &c. are not expressed but understood—the place of business is placed first.

. [F] Proprietor of Bristol's Extract of Sarsaparilla for purifying the blood

The following is sufficient testimony to satisfy the most incredulous :—

" This is to certify, that I, Jane Demee, aged 32 years, residing at No. 20 Main street, in the city of Utica, was attacked about five years since, with scrofula, which terminated in scrofulous cancer. For] the first four years I was attended by several physicians, and took during the time

14 bottles Phenix Bitters
 20 boxes Life Pills
 100 " Brandreth's (genuine) do

- 3 bottles Phelps's Arcanum
- 4 " Smith's Anti-Mercurial Syrup
- 5 " Swain's Panacea
- 3 " Indian do

6 dollars worth of Conway's (Boston) Medicine, a large quantity of Fowler's Solution of arsenic ; different preparations of Mercury, and other medicines prescribed during that time by my physicians.

After having exhausted all the remedies my husband could hear of, that would be likely to prolong my wretched life, I was reduced to my bed, where I lay for two years perfectly helpless, and a greater portion of the third year in the same situation, an object of pity ; abandoned by the doctors as incurable. At this period, my mouth, throat, palate and nose were greatly ulcerated ; my palate nearly destroyed ; the roof of my mouth entirely eaten away ; the wings of the nose with the lower portion all gone, leaving only a small hole instead of the nostrils. My head and face considerably swollen, my flesh nearly gone from my bones, with a continued fever. In this situation, I commenced taking Bristol's Fluid Extract of Sarsaparilla. Before I had used up the whole of one bottle I got out of my bed without help, and could walk about. I have taken eight bottles in all, and am so perfectly cured that I can go out to work and labor through the day. My general health is good, although my mouth is closed up so as to leave but a small round hole, which prevents my eating except in very small quantities. Since I commenced using the Sarsaparilla my appetite has been good, and I can now eat any thing that I can get into my mouth. While I was using the Sarsaparilla, I paid no particular attention to diet, but ate all kinds of food that my appetite craved.

I am satisfied that my life has been preserved and health my entirely restored by the blessing of God and the use of Bristol's Fluid Extract of Sarsaparilla, and that alone, without the use of any other medicine, and after all others had failed to effect a cure.

JANE DEMEE.

Utica, Aug. 1. 1840.

State of New York, City of Utica ss.

On the first of Aug. 1840, came before me the above named Jane Demee, to me personally known, who being duly sworn, says that the foregoing statement made by her is just and true.

IRA CHASE,

Justice of the Peace of Oneida county.

I, Lodowick Demee, residing at No. 29 Main st. in the city of Utica, have read the foregoing statement made by my wife Jane, and know the same to be correct, and do further state that no other medicine that she has taken for the last five years, has ever done her any good, except Bristol's Fluid Extract of Sarsaparilla, which has effected a miracle, and snatched my poor wife (although dreadfully disfigured,) from an early grave.

Utica, Aug. 1, 1840.

LODOWICK DEMEE.

We the undersigned, residing in the city of Utica, acquainted with Jane and Lodowick Demee, and believe their statement to be correct in every particular.

JOHN PARSONS, Justice of the Peace.

IRA CASE, do do

JAMES DEAN, County Clerk, Oneida county.

State of New York, County of Oneida, ss.

I, James Dean, Clerk of the said county of Oneida do certify, that Ira Chase and John Parsons, Esqrs. whose names are subscribed to the certificate of the proof or acknowledgment of the annexed instrument in writing, and endorsed thereon, were at the time of taking such proof or acknowledgment, Justices of the Peace in and for the said county, dwelling in the said county, and duly authorised to take the same ; and that I am well acquainted with the hand writing of such Justices, and verily believe that the signatures to the said certificate, of proof or acknowledgment are genuine.

In testimony whereof, I have hereunto set my hand, and affixed my official seal, the fourth day of August, 1840.

JAMES DEAN, Clerk.

By JAMES EDGAR, Deputy Clerk.

¶ An engraving of the above case is published in Bristols Gazette, in hands of agents, and the original portrait, certified by the artist as a correct representation, can be seen at the proprietor's store ; also, large lithographic copies done in Hall & Money's best style, may be inspected at any of the agencies for sale of Bristol's Medicines.

¶ You will be deceived unless you ask for Bristol's Sarsaparilla, and see that a RED stamp is over the cork of the bottle, on which is his written signature.

THE Compiler of this work has been obliged to delay its appearance for a few days, in order to deliver it to the public free from all except inevitable errors.

The compilation of such a work is one of great labor, particularly in a city where the houses are not numbered, a neglect which it is hoped will be repaired during the present year. It would also be of great convenience to both citizens and strangers, if guide boards were placed at the corners of all the streets.

If there are errors, they have been unavoidable, as every house has been called at, and every effort made to procure a correct account of both names and residences. If the compiler meets with due encouragement, it will be continued another year, and much more, and more valuable statistical information will be prepared during the whole of the present year.

With these observations the compiler takes his leave of the public for the present, hoping that he has deserved the confidence of the public and will meet with encouragement for the future.
